Scrapbuster Dog Bone Toy Pattern

Scrapbuster Dog Bone Toy Pattern

Skill Level: Beginner-friendly

Supplies:

- **Fabric:**
 - Two pieces of fabric such as canvas, denim, or cotton
 - If making a patchwork version, choose enough scraps to cover the front and back of the pattern
- SF101
- Polyester fiberfill
- Coordinating thread
- Scissors or rotary cutter
- Pins or clips
- Turning tool
- Marking tool or chalk
- Hand sewing needle to stitch the opening closed
- Optional: squeaker
- Optional: embroidery for personalization

Pattern Sizing

Small	9" wide
Large	11.5" wide

Scrapbuster Dog Bone Toy Pattern

Prepping Your Fabric:

- For added structure and durability, fuse SF101 to the wrong side of each fabric piece.
- For a firmer toy, you can use two layers of SF101 on each side.
- If adding embroidery or personalization, stitch that onto the front piece before assembling the toy.

Cutting Instructions:

- Cut out your dog bone template from the pattern, or trace it onto template plastic or cardstock for repeated use.
- Fold your fabric in half.
- Place the **FOLD** line of the pattern on the fold of the fabric.
- Trace the pattern.
- Cut around the pattern.
- When unfolded, your fabric piece will form the full dog bone shape.
- Repeat to cut the second side of the bone.

Scrapbuster Dog Bone Toy Pattern

Sew the Dog Bone Toy:

- Place the two bone pieces right sides together.
- Pin or clip around the edges.
- Leave about a 2-inch opening along one straight section for turning and stuffing.
- Stitch around the bone using a 1/4-inch seam allowance.
- Backstitch at the beginning and end of the opening.
- Leave a 2" opening to turn the dog bone right side out.

For Patchwork Dog Bone:

- Cut the pattern in two and tape the center together so you have the full shape to work with.
- Piece together fabric scraps until your patchwork panel is about 1" larger than the pattern on all sides.
- Place the pattern on top, pin in place, and trim using the pattern shape.
- Repeat for the back, or use one coordinating fabric for the reverse side.

Turn and Press:

- Trim seam allowance if needed and clip the curved areas carefully, being sure not to cut through the stitching.
- Turn the bone right side out through the opening.
- Use a turning tool to gently push out the curves.
- Press lightly with an iron.

Final Steps:

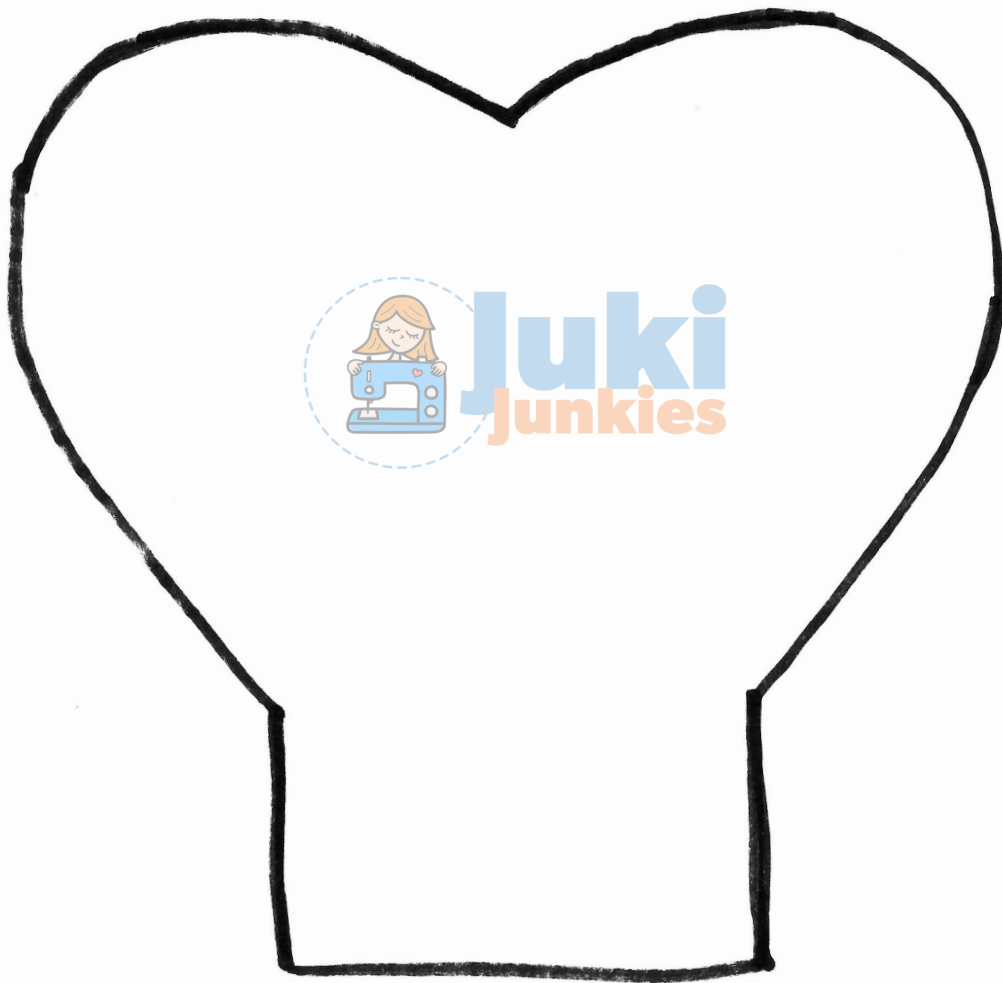

- Fill the bone with polyester fiberfill until it reaches your desired fullness.
- Optional: insert a squeaker in the center before finishing the stuffing.
- Tuck in the raw edges at the opening.
- Stitch the opening closed by hand or edge stitch with your machine.

Pattern Note:

- This toy is designed for light to moderate play. Because all dogs chew differently, please inspect the toy regularly and discontinue use if it becomes damaged.

Tips:

- Use seasonal fabrics for a fun holiday look.
- Recycle old jeans, canvas bags, or sturdy cotton fabrics.
- Embroider your dog's name on the front before sewing the toy together.
- Always supervise pets while playing with handmade toys.
